GOVERNMENT EXAMINATIONS.

GOVERNMENT TECHNICAL EXAMINATIONS, APRIL 1925.

Candidates in *all* the subjects must bring with them for use in the examination their own PENS AND PENCILS.

Candidates in shorthand will be allowed to transcribe their shorthand notes with a type-writer. They will not be supplied with any "thick" paper for the purpose, but will be allowed to bring with them their own "thick" paper, if they wish to use such paper. The use of carbon paper will on no account be allowed in transcribing the shorthand notes with a type-writer. If the machine used by a candidate, however, goes out of order, no extra time will be given to him to compensate for loss of time while the machine is out of order and being put right.

Candidates in typewriting will have to bring their own type-writers, rulers, erasers and the necessary carbon paper with them and must specify clearly on their answer papers the particular kind of machine used by them as, otherwise, their answer papers will not be valued.

NOTICE TO MADRAS CANDIDATES.

Candidates who have applied to be examined at Madras are informed that they will have to sit for their examination at the Presidency College, Chepauk.

No hall tickets will be issued (except in the case of Typewriting—Lower) but a copy of the nominal list will be posted on the notice board at the entrance to the Presidency College on the 28th April and candidates are expected to learn their register numbers from this list.

NOTICE REGARDING THE EXAMINATION IN TYPEWRITING.

Both at Madras and in the Mufassal.

Candidates coming up in typewriting must bring with them their own typewriters—the Remingtons, Remington Portable, New Model Remington No. 12, Yost, New Century, Smith Premier, Densmore, Empire, Underwood, Underwood Portable, Oliver, Armstrong, Standard Folding, Stearn's Visible, Sun Typewriter, Fox Visible, Salter, Victor Typewriter—Model No. 3 and No. 10, Monarch, Noiseless, Wood Stock Standard, Royal Standard No. 10, Roe Visible, Mells, Mercedes, Demountable, Elite or L. C. Smith & Bros. machine. The candidates will, if necessary, be examined *in batches*, but at least *every four* candidates for the Lower grade, at least *every two* candidates for the Higher grade must have one machine among them.

In the mufassal.—Heads of the institutions who are desirous that their pupils should be examined in batches and private candidates who desire to be similarly examined should make the necessary arrangements with the Chief Superintendent concerned *two* days before the examination and furnish him with all necessary information as to the number of candidates and machines and the time at which each batch should attend on the day fixed for the examination.

At Madras.—Heads of institutions and private candidates should make similar arrangements with the Secretary to the Commissioner for Government Examinations on the 28th April between 11 a.m. and 5 p.m. at the Old College, Nungambakam.

At Madras.—In the case of candidates for the Lower grade, tickets of admission specifying the particular batch (first or second and so forth) in which they elect to appear will be issued on that day. These tickets should be shown at the entrance. Candidates who produce tickets will be admitted to the batch specified in the tickets. Candidates who do not provide themselves with tickets cannot claim to be admitted to any particular batch. They will be admitted only, if spare seats are available in the hall, i.e., after seats are reserved for those who have registered their names and obtained tickets for the batch. Candidates who do not hold tickets will accordingly have to wait at the entrance from the hour of commencement of the first batch and take their chance of being provided with seats in the first or in any subsequent batch. To avoid all inconvenience and possible disappointment, heads of institutions and private candidates are particularly requested to call at the office on the 28th April and obtain tickets. No tickets can on any account be sent by post whether to heads of institutions or to private candidates.

Candidates for the Higher grade may appear for the first or second batch at their option and no tickets accordingly are issued for this grade.

At Madras.—Managers and instructors of institutions and other persons who wish to be allowed into the examination hall to inspect the machines and remedy any defects should call at the office on the 28th April and have their names registered. Tickets of admission specifying their names, the institutions to which they belong, etc., will be issued to them and these should be produced at the entrance to the examination hall.

Candidates that have each a separate machine and that do not want to be examined in batches are expected to appear for their examination with the third batch for the Lower, and with the second batch for the Higher, examinations.

Managers and instructors of institutions concerned will be allowed into the examination rooms *in the intervals between the examinations of the various batches* to inspect the machines and to remedy any defects.

If a candidate reports to the Superintendent that his machine has gone out of order, the Superintendent will intimate this to the manager or instructor, if he is waiting outside on the premises, and will permit such manager or instructor to enter the hall or room (though the candidates may be at work) to inspect the machine and to remedy the defect or to supply another machine. It must, however, be clearly understood that the Superintendent incurs no responsibility in this matter; his action will be purely *ex gratia*, the whole responsibility resting on the candidate and the manager or instructor.

A similar concession will be allowed in this case of a private candidate, if he has some one outside who is willing to inspect the machine and put it right, etc.

No extra time will be given to candidates to compensate for loss of time while the machine is out of order and being put right.

Attention is drawn to the following rules :—

1. No candidate will be allowed to enter the examination room unless he wears a clean and decent dress, and in all cases where good manners require it, a suitable covering for the head, nor will he be allowed to keep his shoes on unless they are shoes of English pattern, and socks and trousers are worn also.

No candidate suffering from any contagious disease will be admitted to the examination room.

2. No candidate will be allowed to quit the examination room on any day until the expiration of half an hour from the time fixed for the commencement of the examination, and candidates arriving after the expiration of that half hour will not be admitted.

3. No candidate will be allowed to re-enter the examination room during the hours of examination after once quitting it, nor to leave the room without finally giving up his answer papers.

4. Any candidate detected in speaking to, or in any way communicating with, any other candidate will be at once removed from the room and the circumstance reported to the Commissioner.

5. Any candidate who does not behave properly towards the Chief and Assistant Superintendents of the examination or is suspected of having had recourse to malpractice of any kind is liable to have his examination invalidated and also to be debarred from appearing again for any of the examinations under the control of the Commissioner for such term of years as the Commissioner may think fit; or, *if the Commissioner is not satisfied for any reason whatever as to the trustworthiness of his results*, he may be required to undergo a re-examination at some future date to be fixed by the Commissioner in any one or more of the subjects of the examination for which he appeared, his success or failure being determined on the results of such re-examination.

6. *No candidate will, on any account, be allowed to take into the examination room ink, slates, books, ruled sheets, manuscripts or papers of any kind.* Any one detected in the violation of this rule as having recourse to any unfair practices will be removed from the room, and the occurrence reported to the Commissioner. The use of mathematical instruments for drawing figures or ruling lines will, however, be allowed.

7. Candidates whose names are not in the printed list furnished to the Superintendents must submit a written declaration through the Superintendents giving full particulars in regard to themselves, including their address, and furnish such evidence as may be possible of their having applied for admission to the examination at the proper time and paid the prescribed fees. The answer papers of such candidates will not be valued unless it is clear that the omission of their names is due to no fault of theirs.

8. Candidates choosing to change their place of examination without previous permission, or appearing at any centre other than the one at which they ought to have appeared according to the notice published in the Gazette, must not expect to have their papers valued or their results published. In all cases where permission has been granted, the memorandum or letter permitting the change should be produced for the satisfaction of the Superintendents.

9. Candidates may have to write their answers on both sides of the paper supplied to them and they will receive the necessary instruction on this point in the examination hall from the Chief Superintendent of the examination.

10. A candidate having completed his paper will rise from his seat and remain standing until the Superintendent takes his answer papers. Any candidate wishing to ask any question of the Superintendent will pursue the same course, but will on no account leave his place.

11. Any answer papers sent up without the candidate's name and number affixed will not be valued. The answer papers should be stitched or pinned together at the upper left-hand corner, and the whole folded in *two*, lengthwise (not crosswise into four.) The place of examination and the name and number should be written out clearly by the candidates on the top right-hand side of the first page of the answer paper, as well as on the top of the paper after it is folded.

12. Candidates are forbidden to note down the answer to any question on the question paper itself; they will not be allowed to take any papers, except their question papers, out of the examination room.

13. Candidates are forbidden to tear up paper, or to throw ink or papers on the floor. All spoilt scripts, etc., should be left on the desk where the candidate has been writing.

OFFICIAL ADVERTISEMENTS.

AUCTION FOR SUPPLY OF RATION ARTICLES TO THE CENTRAL JAIL, TRICHINOPOLY.

Notice is hereby given that the Superintendent will hold re-auction at the Trichinopoly Central Jail at 3 p m on Thursday the 23rd April 1925 for the supply of the following articles of rations during the year 1925-26. Intending bidders are requested to be punctual. In the case of suppliers who may be unable to attend the auction, sealed tenders will be accepted, provided they reach the Superintendent on or before the day and hour mentioned above, and are accompanied by the earnest money specified in the schedule. Tenders, which will only be received on printed forms to be had free of cost on application, should be superscribed 'Tender for the supply of rations and miscellaneous articles to the Trichinopoly Central Jail, Trichinopoly.' They will be opened at the time of auction and the offered rates considered along with the bids. The rates should be quoted in pounds and ounces per rupee for delivery at the Trichinopoly Central Jail, Trichinopoly, the quantity being specified in words as well as in figures. Samples of the articles required can be seen at the auction. Suppliers may bid or tender for all or any one of the articles mentioned in the schedule on depositing the requisite earnest money. All supplies must be up to the samples accepted by them or approved by the Superintendent.

2. Successful bidders or tenderers will be required to enter into stamped agreements with the Jail within seven days from the date of receipt of information by them that their rates have been accepted. In addition, they should, before signing such agreements, deposit a security of 10 per cent of the total value of the supplies undertaken. (With the approval of the Inspector-General of Prisons, the total amount may be reduced in the case of approved contractors.) Failing compliance within the time specified, the earnest money may be confiscated, and in the event of withdrawal they will also be liable to pay any difference between the prices accepted and those ultimately obtained by the Jail. The earnest money received from successful bidders or tenderers will be taken towards their security deposits and those from others returned at the close of the auction.

3. The Superintendent reserves the right to accept or reject any bid or tender without assigning any reason.

4. Contracts should not be sublet.

5. Any rates accepted and contracts entered into will be subject to confirmation by the Inspector-General of Prisons, Ootacamund, whose decision shall also be final in all questions of infringement.

6. As the quantities given against each article in the schedule are only approximate, the contractors will be under an obligation to supply the entire requirements during the period of contract, plus so much as may be needed, to last for a whole month thereafter, provided, in respect of the extra quantities, that written orders are given within a fortnight of the termination of the agreement. At the same time, the Superintendent does not bind himself to receive the quantities or numbers noted in the schedule if they are not required.

7. No article is to be supplied to the Jail except on a requisition signed by the Superintendent or some responsible person authorized by him in writing to do so 'by order.'

8. No advance of cash will on any account be made to the contractors when giving orders, nor will the Jail pay freight or their charges on consignments to be afterwards deducted from bills, but payment for articles delivered at the Jail on order will be made promptly after they have been inspected and passed. Contractors must submit to receive payment of their bills in whole rupees to which end annas forming part of the sums due on each bill will be disregarded unless they constitute a fraction equivalent to half a rupee or more when they will be treated as a whole rupee for the purposes of the account.

9. During the prevalence of plague in the vicinity of the jail or in that of the areas from which supplies are drawn, all grain, etc., will be liable to be first exposed to the sun outside before being taken in. Also if for any other reason the Superintendent considers exposition of articles to the sun necessary.

10. Contractors are required (under a penalty not exceeding Rs. 25) to invariably send with each supply a memorandum or advice note, duly signed, showing the number or quantity tendered for acceptance. Also to sign and return within a week of payment by cheque, cash order or remittance transfer receipts, all connected bills forwarded by the Superintendent for the purpose. Questions in connexion with any supposed short payment may be referred to the Superintendent separately, but are not to be made an excuse for delay or refusal to sign.

11. In addition to any differences in prices that may be recoverable from contractors on account of purchase rendered necessary elsewhere by failure, neglect or refusal on their part to supply according to the terms of their agreements, a fine not exceeding Rs. 50 may be levied at the discretion of the Superintendent for each and every such case of default. For repeated infringement of the stipulations of the contract or for other justifiable reasons, he may also annul it, recovering all losses sustainable by the Jail in consequence of the annulment from the security deposited by the contractors or other monies due to them and, in the event of any residue, by legal measures if so advised.

12. All wastage found to occur in excess of the respective percentages prescribed in the schedule will have to be made good by the contractors.

13. Further information on any point concerning this notification can be had from the Jail office.

14. When once the rates offered at an auction or by tender have been accepted, lower quotations from the others to the Superintendent or to the Inspector-General of Prisons will not be considered.

The Standard Barometer and Thermometers are read at 8 a.m., 10 a.m., 4 p.m. and 8 p.m. and the daily means are obtained by the application of hourly corrections, deduced from twenty years' observations. The cistern of the Barometer is twenty-two feet above the level of the sea, and the receiver of the Rain Gauge is two feet from the ground. The wind, rain and general weather registered are for the current Civil Day—from midnight to midnight.

The total quantity of rain collected since January 1st is 4·19 inches, the average due for the same period being 1·74 inches.
